HPS3-2U-MXX

Rackmount

FEATURES

Redundant PSUs

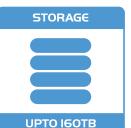

Battery backed RAID 2 x 250GB SSD (OS) WINDOWS SERVER

Hardware RAID

Up to 160TB 16GB DDR4 6-core CPU Designed exclusively for Enterprise HD surveillance applications the HPS3-2U-M series server range offers up to 160TB useable on-board storage and a host of mission critical resilience features as standard including dual redundant PSU's, advanced battery backed RAID redundancy, OS on SSD(s) and Secure Logiq's in house monitoring and alerting utility, Logiqal Health-check PRO. This product range is suitable for most small to medium camera count HD video surveillance applications

THROUGHPUT

FORM FACTOR II II 2U RACKMOUNT

TECHNICAL

2 x 1Gb LAN

Electrical /PSU

100 - 240V, 50 - 60Hz Redundant 1+1 800W 80 Plus Certified Gold FCC, CUL, CE, EN-60950/IEC-60950

Physical

89mm x 437mm x 648mm 26Kg

Enviromental

OPERATING TEMP: 5 - 35°C (50 - 95°F)

STORAGE TEMP: -40 - +60°C (-40 - 158°F)

HUMIDITY RANGE 8 - 90% non-condensing

CPU	Intel Xeon 2236
RAM	16GB DDR4 UDIMM
GPU	ON-BOARD
GPU OUTPUT(S)	1 x VGA
NETWORK	2 x 1Gbe COPPER RJ45
OS STORAGE	2 x 250GB SSD (RAID1)
OS	WINDOWS SERVER 2019
ACCESSORIES	POWER CABLES, RACK KIT, KB & MOUSE
STORAGE SIZES	56, 64, 72, 80, 90, 100, 120. 140, 160 (TB)
